Getting Started

Welcome to the official user guide for Languru, an application to develop your fluency in English!

Download our application at --

1.1 Logging into the application

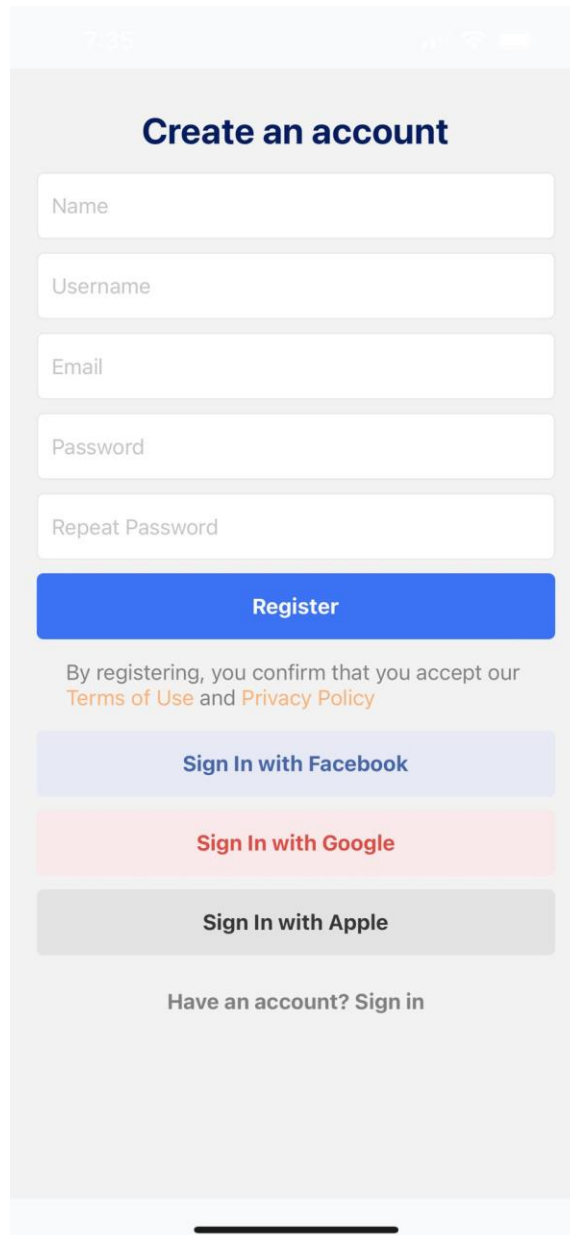

As soon as you open the application, you are navigate to the login screen, where you can login using registered credentials.

User also has the accessibility to login using different mailing platforms such as Facebook, Google, Apple etc.,

If the user is not registered with the application, they can register a new account.

1.2 Signing up to the application

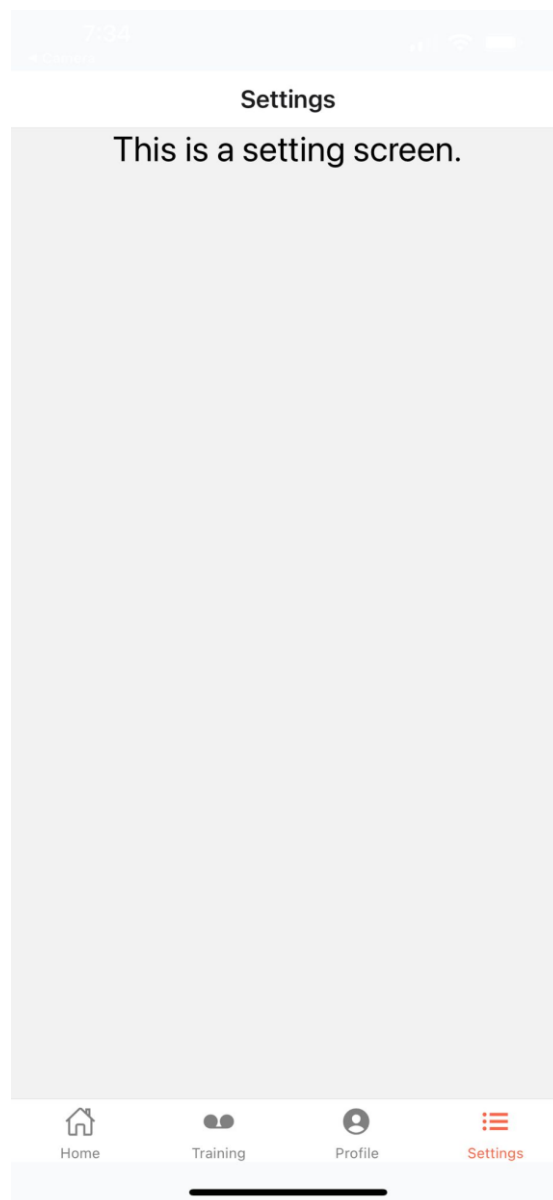

The image shows a mobile application registration screen. At the top, the status bar displays the time 7:35 and signal strength. The screen has a light gray background. The title "Create an account" is centered in a dark blue font. Below the title are five white input fields with gray placeholder text: "Name", "Username", "Email", "Password", and "Repeat Password". A prominent blue button labeled "Register" is positioned below the input fields. Underneath the button, a line of text states: "By registering, you confirm that you accept our [Terms of Use](#) and [Privacy Policy](#)". Below this text are three social login buttons: "Sign In with Facebook" (light blue), "Sign In with Google" (light red), and "Sign In with Apple" (light gray). At the bottom, a link reads "Have an account? Sign in". A black horizontal line at the very bottom indicates the home indicator bar.

If the user is not registered, they can easily navigate to this screen from the login screen and create respective account by

entering their Name, Username, password, email, and other attributes. Once details are entered, the user can click on Register and finish signing up. Then the user is again navigated to the login screen.

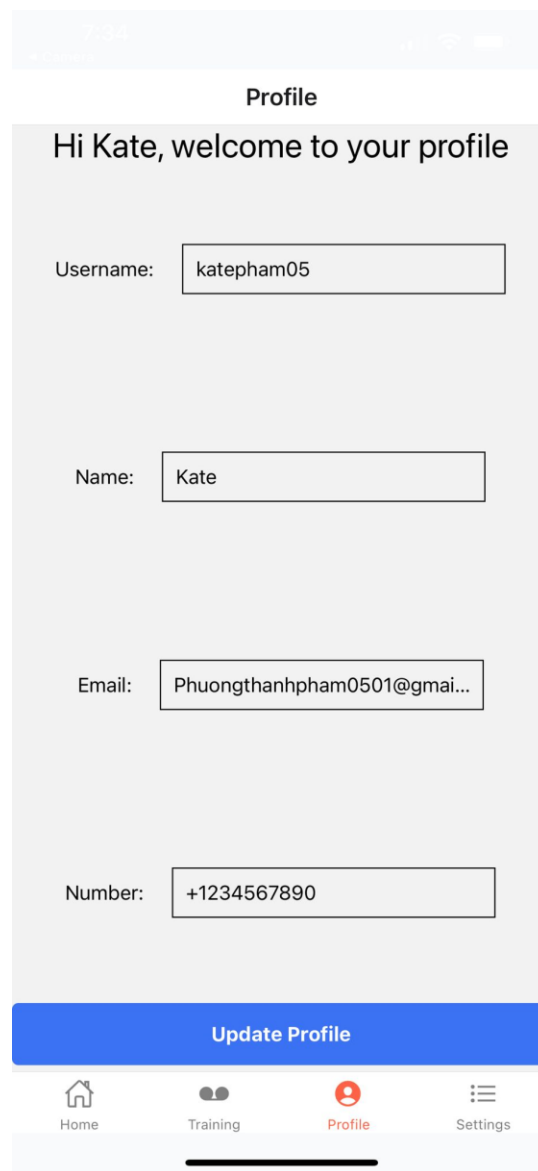

Homepage

2.1 Settings

The settings screen allows the user to set up features and other settings related to the app. Many settings will be added in the later updates.

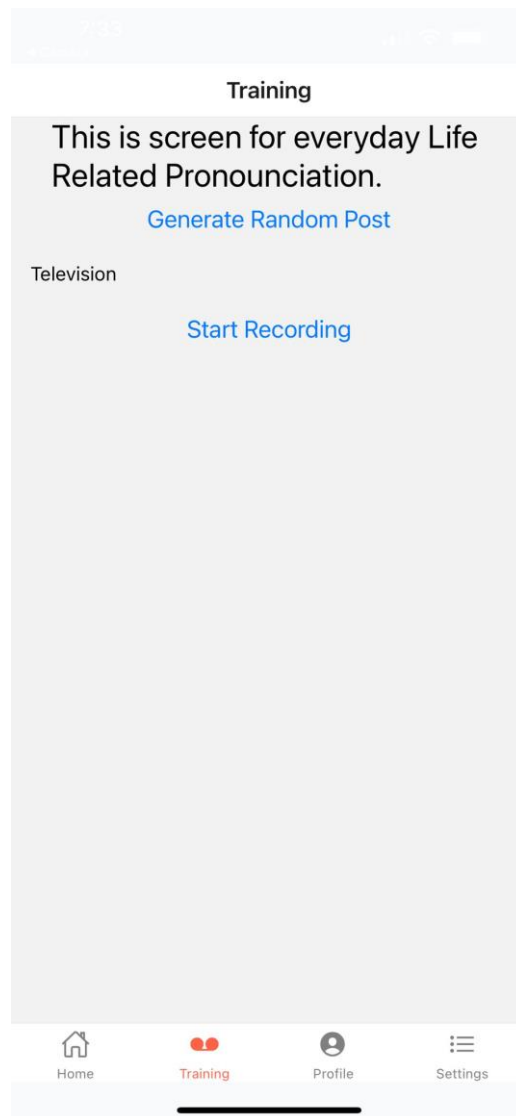

2.1 Profile

The image shows a mobile app interface for a user profile. At the top, there's a status bar with the time 7:54 and battery level 80%. Below that, the title "Profile" is centered. A welcome message "Hi Kate, welcome to your profile" is displayed. The form contains four fields: "Username" with the value "katepham05", "Name" with the value "Kate", "Email" with the value "Phuongthanhpham0501@gmai...", and "Number" with the value "+1234567890". A blue "Update Profile" button is at the bottom of the form. The bottom navigation bar has four icons: "Home", "Training", "Profile" (which is highlighted in red), and "Settings".

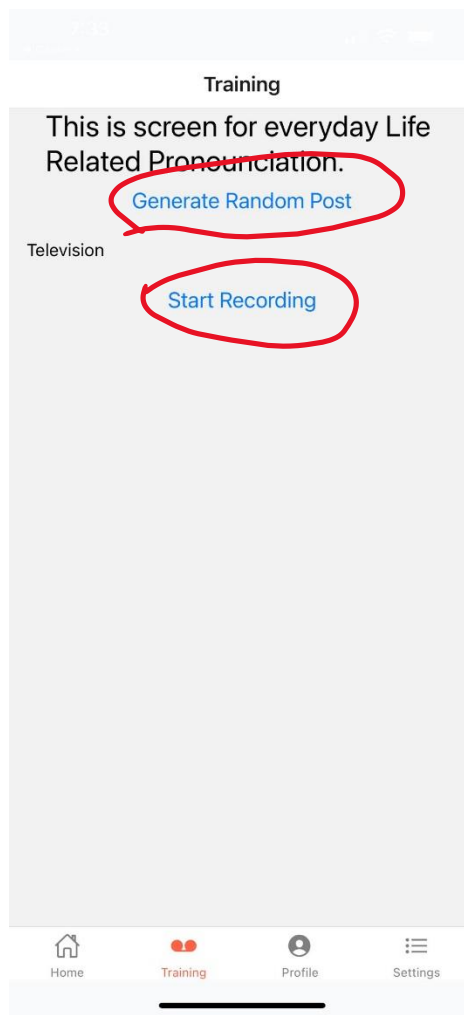

The profile screen allows the user to edit the pre-existing attributes like Username, Name, Email, Number etc., Many other attributes will be added to this screen in the later updates.

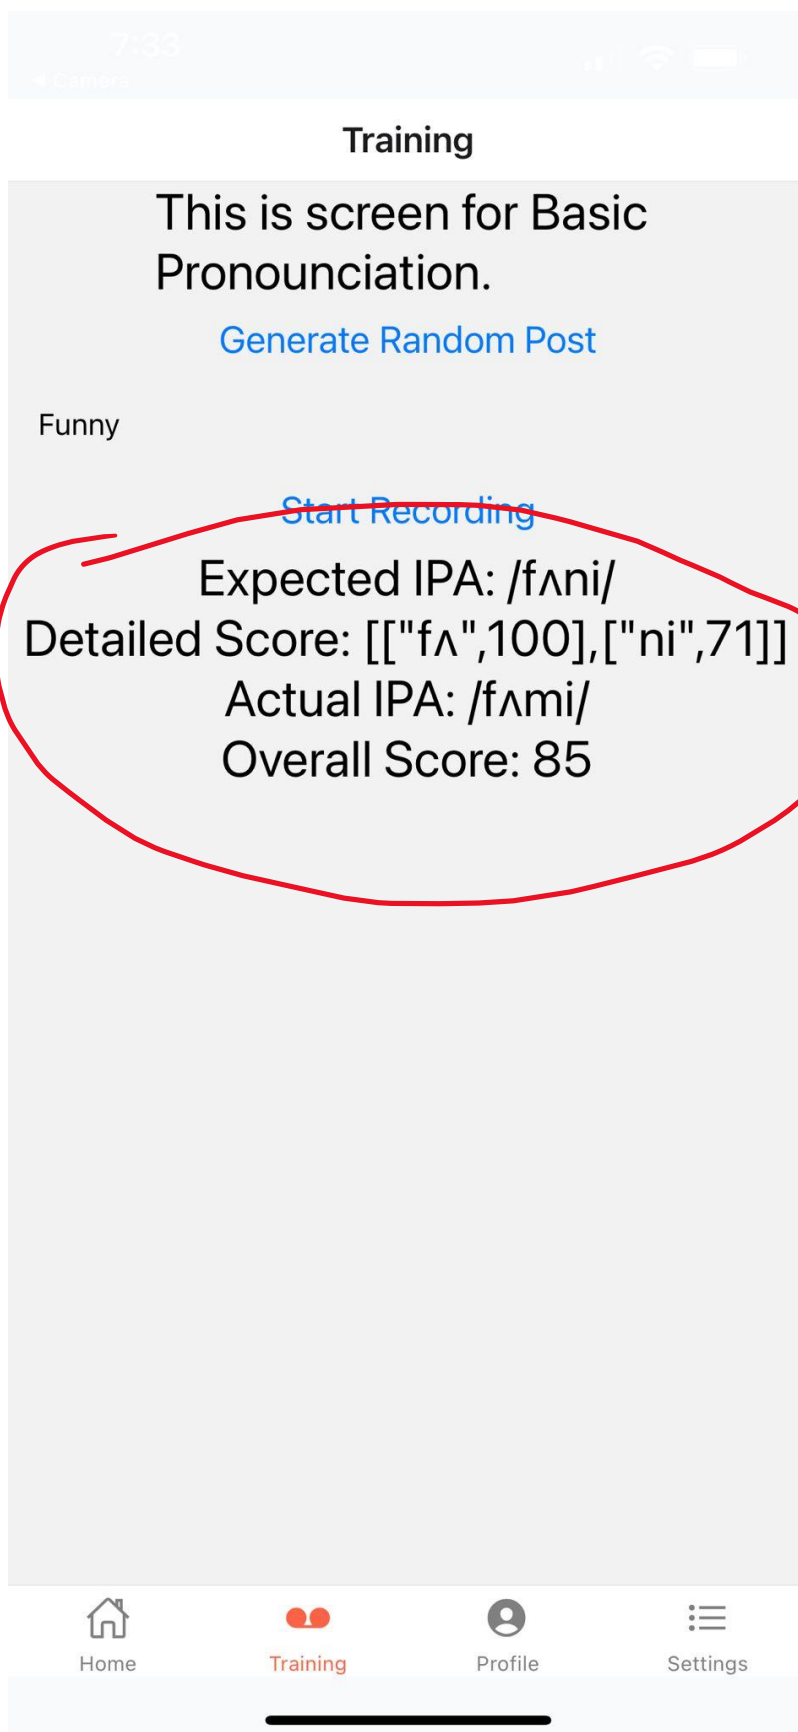

2.3 Training

The Training screen lets the users record, listen, and see the achieved scores. This is where the users can put their skills to test or practice their vocabulary.

To start practicing, users should click on 'Generate Random Post'. Once clicked, a random phrase would appear, and the user should then click on 'Start Recording'. Once the recording is done, the user can hear the playback and see the scores.

Many features will be added in the later updates.
